SUBJECT: ORR Project 25.25 - Selected Data on Soviet Bloc Petroleum Exports

1. Attached is original and 2 copies of ORR Project 25.25 (MP-108)
2. This report has been prepared as a miscellaneous project in accordance with information requested by (MSA) FCA
3. The information presented has been developed as a result of a conference between Admiral William Delaney, MSA, and personnel of The Petroleum Branch. It is believed that the data included provides the basic information requested. No attempt has been made to draw conclusions as to Soviet intentions regarding petroleum export trade. This report is intended to describe the physical status of the petroleum industry in the Soviet Bloc. What these imply in terms of Bloc export trade possibilities has not been studied by the Petroleum Branch.
